# MANAV LADE

## Student / Full Stack Web Developer

I am a highly motivated and innovative Full Stack Web Developer with a passion for Machine Learning. I am dedicated to creating dynamic and responsive web applications that deliver exceptional user experiences. My domain of expertise revolves around front-end and back-end technologies, utilizing HTML, CSS, JavaScript, and various frameworks to craft visually appealing and highly functional websites. My problem-solving skills and attention to detail ensure that I can tackle complex coding challenges effectively. Currently pursuing a degree in Computer Science and Engineering(Data Science), I am set to graduate in 2025, armed with a strong foundation in both web development and machine learning. I am committed to continuous learning and staying updated with the latest industry trends. My unique combination of skills and dedication makes me an ideal candidate for roles that demand adaptability, creativity, and technical expertise in the field of Full Stack Web Development.

## Education

### Vidyavardhini's College of Engineering and Technology
